Australia possesses a powerful lure to travelers of all stripes. There is much to explore in this continent the size of America's lower 48 states. From the Great Barrier Reef to the Outback, the rainforest to the Sydney Opera House, quirky locals to hopping marsupials — the country offers a bit of everything, and a few things found nowhere else: fascinating local and aboriginal culture, kangaroos, koalas and other unique wildlife, incredible and diverse landscapes.

Great Barrier Reef - Scuba dive, snorkel, boat or just relax at the world's ONLY Great Barrier Reef.

Red Center - Enjoy several days exploring Uluru/Ayers Rock. We can even send you on a camel ride.

Cities - From cosmopolitan Sydney to Melbourne's European flair, Australia has wonderful experiences to offer anyone interested in seeing urban culture.

Wildlife - At Down Under Endeavours, we specialize in unique wildlife experiences. Meet our friend Bushy in Tasmania who will have a Duckbilled Platypus swimming at your feet. Or visit another friend on Kangaroo Island to experience the Australian Big 5. Swim with dolphins and whales at the reef. And enjoy champagne with roos in the wild.
